**National Oil and Hazardous Substances Contingency Plan; National Priorities List Update**

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of Deletion of the Folkertsma Refuse Site Superfund Site from the National Priorities List (NPL).

**SUMMARY:** The Environmental Protection Agency (EPA) announces the deletion of the Folkertsma Refuse site in Michigan from the National Priorities List (NPL). The NPL is Appendix B of 40 CFR part 300 which is the National Oil and Hazardous Substances Contingency Plan (NCP), which EPA promulgated pursuant to Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), as amended.

This action is being taken by EPA and the State of Michigan, because it has been determined that Responsible Parties have implemented all appropriate response actions required. Moreover, EPA and the State of Michigan have determined that remedial actions conducted at the site to date remain protective of public health, welfare, and the environment.

**EFFECTIVE DATE:** April 10, 1996.

**FOR FURTHER INFORMATION CONTACT:** Karen Sikora at (312) 886-1843 (SR-6J), Remedial Project Manager or Gladys Beard at (312) 886-7253, Associate Remedial Project Manager, Superfund Division, U.S. EPA—Region V, 77 West Jackson Blvd., Chicago, IL 60604. Information on the site is available at the local information repository located at: Kent County Public Library, 4293 Remembrance N. W., Walker, Michigan, 49554. Requests for comprehensive copies of documents should be directed formally to the Regional Docket Office. The contact for the Regional Docket Office is Jan Pfundheller (H-7J), U.S. EPA, Region V, 77 W. Jackson Blvd., Chicago, IL 60604, (312) 353-5821.

**SUPPLEMENTARY INFORMATION:** The site to be deleted from the NPL is: Folkertsma Refuse Site located in Walker, Michigan.

A Notice of Intent to Delete for this site was published January 29, 1996 (61 FR 2772). The closing date for comments on the Notice of Intent to Delete was February 29, 1996. EPA received comments and therefore has prepared a Responsiveness Summary.

The EPA identifies sites which appear to present a significant risk to public health, welfare, or the environment and it maintains the NPL as the list of those sites. Sites on the NPL may be the subject of Hazardous Substance Response Trust Fund (Fund-) financed remedial actions. Any site deleted from the NPL remains eligible for Fund-financed remedial actions in the unlikely event that conditions at the site warrant such action. Section 300.425(e)(3) of the NCP states that Fund-financed actions may be taken at sites deleted from the NPL in the unlikely event that conditions at the site warrant such action. Deletion of a site from the NPL does not affect responsible party liability or impede agency efforts to recover costs associated with response efforts.
